EU type certificate

CERTIFICATE N° 18/0699/00/0161

Has obtained EU TYPE EXAMINATION INSPECTION CERTIFICATION, in compliance with what is stated in (EU) 2016/425 and in agreement with the applicable test procedures and technical specifications.

Destined to the protection of torso and upper limbs of the user, with the exception of head and hands, described in the following standard/s:

- EN ISO 13688:2013 general requirements
- IEC 61482-2:2009 against the risk of burn provoked by an electrical arc of 4kA (Class 1) according the standard IEC 61482-1-2:2014.

Having attained the performance requirements specified in Test Report N° **2018EP1052UE** and the PPE's Technical Documentation.

Description of the PPE:

A polo shirt made in grey knitted fabric. FRONT: a single component open at the throat. The opening fastens with three acetate buttons covered by a flap. BACK: straight. SLEEVES: long, shirt-type, the cuffs adjust with grey elasticated knitted fabric. COLLAR: shirt-type, made with grey elasticated knitted fabric.

The component materials of the PPE according to technical documentation presented by the client are:

- Grey knitted fabric – composition: 78% viscose FR, 20% para-aramid and 1% carbon with an approximate weight of 240 g/m².
- Grey / navy blue elasticated knitted fabric (cuffs and collar), 53% modacryl, 44% cotton and 3% antistatic fiber with an approximate weight of 245 g/m².
- Acetate button
- Yarn for stitching

The PPE may carry the following variants:

It can be manufactured in all the colours included in the range certified by Oeko-Tex.

It shall be the manufacturer's sole responsibility to furnish specific information pertaining to this certificate and the tested levels of protection.

CAT III PPE only to be used in relation to one of the Conformity Evaluation Procedures in compliance with Module D described in Article 19 letter c) EU Regulation 2016/425.
