BATI SITESI MAHALLESİ FATİH SULTAN MEHMET BULVARI NO : 482

TR-06370 ANKARA

YENİMAHALLE

As manufacturer

CERTIFICATE No. 19/1860/00/0161

Has obtained EU TYPE EXAMINATION in compliance with what is stated in Regulation (EU) 2016/425 and in agreement with the applicable test procedures and technical specifications

Destined to indicate the user's presence at night and destined to the protection of entire body of their user, with the exception of head, hands and feet, according to the following standard/s:

- EN ISO 13688:2013 General Requirements
- Medium risk against low nocturnal visibility according to the applicable point of the standard EN 1150:1999, in fulfilment of Regulation (EU) of PPE, point 2.13 of the Annex II "PPE capable of signalling the user's presence visually"
- Compliance with point 2.6. "PPE intended to be used in potentially explosive atmospheres", according to Annex II of Regulation (EU) 2016/425, evaluating its compliance according to EN 1149-5:2018 against the risk of accumulation of electrostatic charges according to EN 1149-3:2004
- EN ISO 11612:2015 against thermal risks of limited flame spread (**A1**, **A2**), convective heat (**B1**), radiant heat (**C1**) and contact heat (F1)

Tests carried out after 5 cycles at 60°C

Having achieved the performance requirements specified in Technical Test Report No. **2019EP1942UE** and the PPE's Technical Documentation.

Description of the PPE:

A jacket and trouser set in navy blue woven fabric with 5cm retroreflective tapes, stitched.

The materials that form the PPE, are described in the technical report nº 2019EP1942UE.

The PPE is available with the following variants:

- It can be manufactured in all the colours included in the range certified by Oeko-Tex
- It can be manufactured with a coverall option.

It shall be the manufacturer's responsibility to provide specific information of this certificate and the tested levels of protection.
